Sobre

Fundado em 2013, Vão é um escritório de arquitetura e urbanismo localizado na cidade de São Paulo que opera em diversas escalas, demandas e contextos. A sua produção resulta da constante pesquisa arquitetônica, tanto teórica quanto técnica, mantida dentro do escritório e do enriquecedor contato com as artes plásticas que se realiza através de colaborações com artistas contemporâneos. Em 2014, receberam o segundo prêmio do 'Concurso Nacional Anexo BNDES' no Rio de Janeiro e em 2015 foi vencedor do 'Concurso Internacional Geométrias Invisíveis' promovido pelo espaço LIGA na Cidade do México.
